

# THE HOGWEYK CARE CONCEPT (DEMENTIA VILLAGE)

*We're bringing the founder of The Hogweyk to Canada again*

It's the most talked about concept in dementia care in the world. **A new way of care for people with advanced dementia.** Now, it's your chance to hear the founder himself talk about this original model. And your chance to talk directly to them.

Get advice on social inclusion, engagement, how to keep people with dementia physically and mentally active and let them truly enjoy life. It is all about experiencing quality of life and living a normal life. **You can immediately start using the outcomes of this seminar within your own organization.**

Join us for a half day seminar featuring the founder Eloy van Hal.
